

PRESS RELEASE

26 April 2010

PB 100235

Fast Forward with internet provider ZeelandNet

ZeelandNet, the Dutch regional internet provider, recently began to offer its customers super-fast internet, up to a blazing 80MB/sec. And that's due to rise further to as much as 120MB/sec. ZeelandNet has been around for 15 years, a milestone it is celebrating by doubling internet speeds free of charge for all its subscribers. To give fast internet a face of its own, Brandhome has developed the advertising property 'Windfaces' – faces that are literally exposed to the effects of super-fast internet. The campaign consists of TV and print advertisements, events, DM actions, a campaign site and banner campaigns.

Brandhome is a communication agency that works according to a unique and effective brand-building methodology, the Brandhome method[®]. The agency's key goals include constantly increasing brand knowledge. Brandhome is headquartered in Antwerp, Belgium.
